**Please state which room(s)  
the heating is installed in :** .....

.....

The following information can be found on the product label:

**Serial No:** .....

**Date on Product:** .....

To register for your lifetime warranty you must complete and return this form. Please keep the operating guide and original warranty next to the distribution board. The lifetime warranty will cover the heating cable once the original 10 year warranty expires and is valid for the lifetime of the original floor covering under which it is fitted.

I confirm that I have read and understand the contents of the installation manual and the underfloor heating has been installed as per the manufacturers guidelines. I understand that no claim can be brought against the manufacturer for consequential loss and incidental damage. I can also confirm that the heating was working prior to the floor covering being placed on top.
